

VACANCY

GREENHILL FISH MARKET OPERATIVE

Peterhead is the largest white fish and pelagic port in the UK and operates one of the most modern and efficient fish markets within Europe. The Port Authority is now seeking to employ a fish market operative to complement its current work force. The position offers the successful individual scope to develop and enhance their transferable skills with excellent opportunities for career advancement within PPA.

This team-focused role works on a 40 hrs per week rotational day/night shift pattern.

The role includes tasks associated with the operation, maintenance, and cleaning of the fish market. This involves assisting in the co-ordination of the landing and allocation of space in the market recording fish landings, interacting with stakeholders to arranging berthing, water & services for vessels that utilise the fish market. Previous experience in the fishing industry or associated sectors is desirable but not essential. A combination of internal and external training for the role will be provided. The successful candidate will be required to undertake a pre work medical and PVG disclosure check prior to commencing their duties.

A competitive pay package with excellent holiday and pension benefits is on offer to the successful candidate.

Applicants should forward their CV and a cover letter by email to Imogen.Reid@peterheadport.co.uk quoting ref: **GHFMOPS**

Applications will close at midday on Monday 18th September 2023.

Only shortlisted candidates will be contacted for interviews.
